regulations from the U.S. Government

As soon as your program begins and you are in the U.S., you must update your U.S. home address and host company address with **SEVIS** (Student and Exchange Visitor Information System)! If you fail to provide this information within 7 days of your DS 2019 start date, Alliance Abroad Group will report you as "out of status." This could result in serious consequences such as cancellation of your current visa and denial of any future visa applications for you or your family. Please note: you cannot register for SEVIS until the first date on your DS-2019 form. The system will reject your registration if you arrive earlier than your start date on the DS-2019 form.

Keep us up to date! Alliance Abroad Group recommends that you check in once a month. Don't forget to inform us of any changes to your home address, email address, job or if you find a second job that does not interfere with your first job's responsibilities.

If you do not have access to the internet, call Alliance Abroad Group (1.866.464.6872) and someone will assist you to register for SEVIS.
